

Rent a Mobility Scooter From £2.00 per day

Contact LSC Services on Tel. :- 07905 013221 or 01241 875825

These scooters have been continuously developed and improved over the past six years, striving for a better quality product in all respects, it is capable of long distances, in all conditions and on a daily basis if required.

These heavy duty scooters make a real difference to the quality of life enjoyed by less able or disabled customers. The convenience, the independence and the freedom they enjoy from regaining their mobility and ability to travel provides pleasure and functional transportation. These scooters provide elegant style without compromising quality and performance.

These scooters have an adjustable steering column to make it easy to reach the controls. They have a front and rear bumper. On the adjustable steering head there are buttons which operate the lights, speed switch and indicator, they are all "pictured" on the touch pad dash. This scooter is a class 3, & comes with front & rear lights, Indicators and horn. This scooter has a house bound charger. Some of the seats are smooth plastic or material, all are swivel seated, the back adjusts. They have adjustable arm rests built in. The tyres are large and ride the kerb well, the grey rubber tyres do not mark shop floors. Because these are road worthy and robust mobility Scooters.
